

REPORT TO SHASTA COUNTY RTPA

SUBJECT		MEETING DATE	ITEM NUMBER
Caltrans Presentation Of Bay Bridge Project		02/24/04	6

Gary Pursell, Caltrans District 2, was on temporary assignment to manage construction of the Bay Bridge Project. Gary is back in Redding and has graciously agreed to provide a slideshow of work to date on the project. This represents a unique opportunity for the Agency to learn more about construction of this incredibly large-scale and complex project from one of our own local resources. This item is for information only.

Daniel J. Kovacich, Executive Officer
