Subject: Formal Amendment No. 4 to the Shasta 2021 Federal Transportation Improvement Program (FTIP)

Dear Mr. Bagde:

With the delegation authority provided to me by the Shasta Regional Transportation Agency (SRTA) Board of Directors per attached SRTA Resolution #13-14, dated December 10, 2013, I hereby approve Formal Amendment No. 4 to the Shasta 2021 Federal Transportation Improvement Program (FTIP) for forwarding to Caltrans for review and recommendation of approval to the Federal Transit Administration (FTA) and Federal Highway Administration (FHWA). **This amendment includes only transit operations programming for more expedited processing to obligate grant funds.**

The amendment is consistent with metropolitan transportation planning regulations per Title 23 Code of Federal Regulations Part 450. As amended, the 2021 FTIP is financially constrained, and the attached financial summary confirms that funding is available. Additionally, the amendment is consistent with the 2018 Regional Transportation Plan. Shasta County is in conformance with federal air quality standards.

The amendment notification process complied with SRTA's adopted 2019 Participation and Partnership Plan (Title VI). The public and interagency review period ran from January 22 through February 5, 2022, meeting the requisite 14-day review period.

This amendment is needed to update the FTIP to match the Redding Area Bus Authority (RABA) budget, and includes the following:

- **Grouped Projects for Transit Operations (CTIPS ID No. 211-0000-0057)** – Increases programming of FTA Section 5307 operating assistance in Fiscal Years (FYs) 2021/22 and 2022/23 (\$1 million and \$0.5 million, respectively) for the Redding Area Bus Authority to match fund availability and planned use. Also adjusts local funds programming within the same fiscal years.

Using the statewide programming database CTIPS, Shasta 2021 FTIP Formal Amendment No. 4 is directly available for review and approval. An electronic copy will be transmitted by email to all regional partners and interested parties, including Caltrans, FTA, and FHWA. The amendment is posted to the SRTA website at <http://www.srta.ca.gov>. **Please recommend this formal amendment of transit**

operations programming revisions for expeditious federal approval to process grant funding for the Redding Area Bus Authority.

RESOLUTION NUMBER:	13-14
SUBJECT:	Delegation of Authority to Executive Director to Approve Federal Transportation Improvement Program (FTIP) Formal Amendments

WHEREAS, the Shasta Regional Transportation Agency (SRTA) has been designated as the Metropolitan Planning Organization (MPO) for Shasta County pursuant to U.S.C. Section 134(a) and (g); and

WHEREAS, Title 23 Code of Federal Regulations, Part 450 requires the preparation and adoption of a four-year Federal Transportation Improvement Program (FTIP) by the MPO to become part of the Federal-Statewide Transportation Improvement Program (FSTIP); and

WHEREAS, in order to be consistent with the State Transportation Improvement Program (STIP), the FTIP must be updated every two years; and

WHEREAS, SRTA is responsible for preparing and processing administrative modifications and formal amendments to the FTIP; and

WHEREAS, SRTA's governing board of directors may delegate approval of formal amendments to the FTIP to the executive director of SRTA; and

WHEREAS, the meeting schedule of the SRTA Board of Directors can make it difficult to bring forward formal FTIP amendments in a timely manner.

NOW, THEREFORE, BE IT RESOLVED that the Shasta Regional Transportation Agency delegates authority from the SRTA Board of Directors to the executive director to approve formal amendments to the FTIP under the following criteria:

1. Programming revisions will be consistent with federal and state allocations, and prior SRTA actions;
2. Federal and state FTIP requirements would continue to be followed, as well as SRTA's public participation process; and
3. The executive director will postpone and refer to the SRTA Board of Directors any amendment where such a request is made during the public participation process.

FTA 5310 Program – Specialized Transit Grants
Attn: Mark Barry

Dear Mark,

Subject: Support for Dignity Health Connected Living's 5310 Grant Request

The Shasta Regional Transportation Agency supports Dignity Health Connected Living's 2022 application for Enhanced Mobility of Seniors and Individuals with Disabilities – Federal Transit Administration Section 5310 funding. Connected Living's Senior Mobility and Rural Transportation (SMART) Volunteer Driver Program provides transportation to seniors and adults with disabilities who live in the more rural areas of Shasta, Tehama, Siskiyou, and Trinity Counties. SMART drivers provide rides to medical and other necessary appointments, deliver meals to homebound clients, and mentor children with special needs in public schools. Dignity Health Connected Living is requesting funds for volunteer mileage reimbursement, volunteer background checks, and third-party liability insurance, supplies, advertisement, and administration/personnel.

Reliable transportation is a great need for many north state seniors and disabled individuals. The Shasta Regional Transportation Agency supports Dignity Health Connected Living's funding request and recognizes that they will be better able to provide these services with the Section 5310 Program funding. We appreciate the consideration of the California Department of Transportation.

Sincerely,

Subject: Tehama ParaTRAX FTA Expanded 5310 Projects Grant Request

The Shasta Regional Transportation Agency supports Tehama County's application for the Federal Transit Administration (FTA) Section 5310 Project Grant. The ParaTRAX service provides essential transportation for seniors over 65 years of age and ADA-approved disabled Individuals within Tehama County. Tehama County has limited services available and without the ParaTRAX service these residents would not be able to meet essential needs such as getting to medical appointments, shopping, banking, and other necessary day-to-day activities. Additionally, because sometimes trip needs exceed county boundaries, Tehama County residents may be able to connect with additional transportation services in neighboring counties, such as getting to other specialized services in the Shasta Region.

The FTA 5310 funding program is important to support ParaTRAX services for residents within Tehama County as it will help improve mobility for seniors and individuals with disabilities by removing barriers to transportation services and expanding transportation mobility options. Thank you for your consideration.

Sincerely,

SUBJECT: Support for CCJPA's 2022 TIRCP Application

Dear Ms. Konove:

I am writing on behalf of the Shasta Regional Transportation Agency (SRTA) to express support for the Capitol Corridor Joint Powers Authority (CCJPA) 2022 Transit and Intercity Rail Capital Program (TIRCP) grant application to improve the Sacramento Valley Station (SVS), improve intercity bus routing in downtown Sacramento, provide a bus layover facility with electric bus charging, and buy bus hardware to implement California Integrated Travel Program (Cal-ITP) objectives. SRTA has keen interest in intercity transportation connections between the North State – specifically Redding – and the large metropolitan services and amenities to our south. CCJPA's application is in partnership with the City of Sacramento, Sacramento Area Council of Governments (SACOG), and Sacramento Regional Transit District (SacRT).

SRTA backs the vision of SVS as a regional mobility hub and attraction that provides effective intercity connections and access to the city. SRTA's 2018 TIRCP-funded North State Intercity Bus System (aka Salmon Runner) is a zero-emission motorcoach capital project that would benefit from SVS improvements, efficient bus routing through the city, and a bus layover facility with charging infrastructure. The Salmon Runner provides an important connection between rural Northern California and the urbanized Sacramento region, as well as provides a vital connection to the state's intercity passenger rail network at SVS.

In the spirit of true partnership, we look forward to working with SACOG, the city, and SacRT to help realize the suite of projects addressed by this TIRCP grant request for crucial transportation investments that align with both California's climate goals, the California State Rail Plan, and the California Intercity Bus Study (in development). SRTA is pleased to support CCJPA's efforts.

Respectfully,
