March 26, 2020

SRTA Partners -

We hope this finds you safe during this COVID-19 crisis. I'm providing this update to let you know that everyone on the SRTA team is available to meet all your service and support needs within the virtual realm.

All staff are telecommuting and can securely access their emails, phones, computers, and working files remotely. You can still use individual staff phone numbers and emails to connect with us. We will continue to post updates on our website and through social media. The only difference you should notice is that the physical SRTA office location will not be open to the public.

SRTA will continue to support our partners and maintain essential public services. Our highest priorities are community and worker safety; public transportation; adapting services to meet emerging COVID-19 needs; and keeping transportation construction projects moving forward.

The SRTA Board of Directors will still conduct meetings as previously scheduled, albeit remotely. Our next board meeting is April 28, 2020, at 3:00 p.m. Stay tuned for virtual participation methods, which continue to evolve.

If you participate on our Technical Advisory Committee (TAC), the April meeting is canceled. You can instead reach out to us directly with any questions on draft materials we will continue to provide.

Obviously, these are trying times which, among other things, will cause us to look at mobility in a new light. Please stay in touch, share your ideas, and let us know if there's anything we can do to support you or our region.

Sincerely,

A handwritten signature in blue ink, appearing to read "Daniel S. Little", is written over a horizontal line.

Daniel S. Little, AICP, Executive Director
