Jennifer Pollom, SRTA Senior Planner, facilitated introductions and invited questions. The following is not a verbatim transcript but a summary of questions and answers. Ms. Pollom noted that written questions may also be submitted via email through May 15 and will be responded to collectively and posted online by May 17.

Q: How were the four round trips determined? (Dennis)

A: SRTA looked at schedules of flights and trains. The feasibility study describes the potential schedule in more detail and how it was developed with regard to Amtrak train and bus service, Greyhound service and a schedule that would allow a travel between the two cities in a single day.
