Response to Questions on
Request for Qualifications (RFQ) for On-Call Architectural and/or Engineering
Services
SRTA Solicitation Number: S-00002**

Posted: March 18, 2020

Q1: Can you provide any specifications or other documents associated with this project?

A1: This Request for Qualifications is to acquire a vendor to assist SRTA with on-call architectural and engineering services for a variety of potential projects. This may include development of project specifications and other related documents. However, there are no project specifications to provide. Please refer back to the Request for Qualifications for the requested services and available documents.
