

**Shasta Regional Transportation Agency
Response to Questions on
Request for Proposals (RFP) for Environmental Support Services for 2027 Update to
SRTA's Regional Transportation Plan
Posted September 25, 2025**

Q1: The RFP states there are several “separate attachments” that are different than the ones mentioned on the last page of the Attachments page. There is no contract attached or a link available on page 17 of the RFP. And there no other attachments to download on the Bid Postings page.

Can you please send those to us?

A1: Addendum #1 to this RFP issued on September 25, 2025, has addressed the errors discussed. Changes are highlighted within the addendum, including a link to SRTA's protest procedures and corrected attachment names. The Technical Services Agreement (TSA) was incorrectly referenced as “attachment C” in the original RFP. It has been corrected to “Attachment 2” in Addendum #1. Additionally, it should be noted the TSA is a draft document and revisions may be expected should SRTA move forward with contracting. All attachments can now be found via hyperlink within the RFP.

Q2: Out of curiosity, are you planning to go out to bid for the RTP itself as well?

A2: SRTA does not currently have a need to go out to bid for development of the RTP itself.

Reminder of schedule

Tasks	Deadline
Release RFP	September 12, 2025
Interested Vendor Questions Due	September 22, 2025, by 3:00 p.m. PDT
