Shasta Regional Transportation Agency
1255 East Street, Suite 202
Redding, CA 96001
(530) 262-6190

Overview

The Shasta Regional Transportation Agency (SRTA) is seeking a qualified consultant to provide on-call geographic information systems (GIS) services in support of agency planning, performance measures, and public and stakeholder communications. The selected consultant shall also provide technical support needed for the maintenance and ongoing development of the FarNorCalGIS regional GIS server (located at Shasta College) and www.FarNorCalGIS.org website.

Although SRTA has in-house GIS expertise, support is needed on occasion to accomplish large work tasks and to meet project deadlines. In a typical year, SRTA requests technical support services in the neighborhood of \$15,000; however, the exact amount will vary in a given year based on identified needs. This will be a 'Time-and-Materials' contract for a three-year term and not-to-exceed \$60,000.

Additional information regarding SRTA, the agency's work program, and documents referenced in this RFP is available online at www.srta.ca.gov.

Project Scope of Work

Task #1: On-call GIS services

Whereas this procurement is for on-call services, there is no set scope of work or specified deliverables. The following is a representative list of typical on-call services and work tasks that may be requested:

- Development and programming of GIS applications;
- Maintenance of SRTA's GIS datasets and geodatabases, in accordance with SRTA's standards;
- Collecting and processing geospatial data;
- Creating custom maps for documents, reports, and presentations;
- Conducting spatial analysis;
- Creating map viewers for project websites;
- Maintenance of regional parcel base; and
- Providing GIS technical assistance and training to staff.

Any and all work performed under the on-call services agreement shall be initiated by a work order that includes a scope of work, budget, and deliverables.

Task #2: FarNorCalGIS.org maintenance

FarNorCalGIS is a collaborative work group and online web-portal jointly developed by SRTA, Shasta College, and the Far North Regional GIS Council. FarNorCalGIS was created to minimize the technical barriers associated with inter-jurisdictional and interregional planning and coordination. Accomplishments to date include:

- Standardization and merging of various regional GIS data;
- Establishment of a centralized server at Shasta College for storing and retrieving regional GIS data;

- Development of an online user interface (www.FarNorCalGIS.org) designed to make GIS products more approachable, accessible, and meaningful to the broad range of individuals directly involved, affected, or otherwise interested in local and/or regional planning and decision making processes; and
- Integration of vocational training opportunities as part of Shasta College's GIS certificate program.

The following diagram illustrates the basic structure of FarNorCalGIS:

SRTA serves as FarNorCalGIS project administrator, meaning that SRTA owns the regional server hardware and is responsible for identifying, seeking, and managing funding for the platform and its ongoing maintenance and development. SRTA leads any procurement processes, including contracting for consultant services. Consistent with its role in the North State Super Region (www.superregion.org), SRTA also facilitates participation from regional transportation agencies representing California's sixteen-county North State.

Shasta College serves as FarNorCalGIS project host, meaning that the college physically houses the server hardware, maintains educational software licensing, and hosts the FarNorCalGIS website. Shasta College also integrates server-side technology and management into its GIS certificate

program, including student interaction with the platform and the development of public-private sector partnerships that involve GIS students in community-based projects.

The Far Northern Regional GIS Council (FNRGC), a collaborative of private, public, and educational sector GIS users throughout California's North State, serves on the FarNorCalGIS Steering Committee and appoints members to the FarNorCalGIS Management Committee, which is responsible for day-to-day decision making regarding content and data standards.

Anticipated services and specific work tasks under the on-call services agreement include the following:

- FarNorCalGIS.org maintenance, including:
 - Maintain platform architecture and access records;
 - Support maintenance and replacement of server and related hardware, as needed;
 - Assist with keeping website 'live' and troubleshoot issues when website is down;
- Collection, development, and maintenance of FarNorCalGIS datasets;
- Develop new datasets and maps for hosting on FarNorCalGIS, in accordance with adopted policies and procedures; and
- Development and programming of web and mobile device applications.

The contract shall not be in force until approved by the SRTA Board of Directors and after written authorization to proceed has been delivered.

Protest Procedure

All protests regarding this procurement must be submitted in writing to SRTA within five (5) business days from the results notification and at least ten (10) days prior to a SRTA Board of Directors meeting for the protest to be considered. - Non-compliance with procedures described in this RFP or SRTA's established policies.

SRTA will only consider protests based on the above matters. SRTA will reject protests without merit if they address issues such as: 1) an evaluator's professional judgment on the objective quality of a proposal; or 2) SRTA's assessment of its own and/or other agencies needs or requirements.

Please note that the cost of preparing and submitting a proposal, pre-contract meetings, contract negotiations, and participating in an interview (if held) are at the sole expense of the proposer. SRTA reserves the right to reject any or all proposals, and to waive any informality, technical defect, or clerical error in any proposal at SRTA's discretion. Solicitation of proposals in no way obligates SRTA to contract with any firm or individual. The decision to approve and award a contract is at the discretion of SRTA.

Additional Information

Public Records Act: All proposals submitted in response to the RFP will become the exclusive property of SRTA. At such time the SRTA executive director recommends a proposal to the board of directors and such recommendation appears on the board agenda, all proposals submitted in response to the RFP shall become a matter of public record and shall be regarded as public records. **If there are any trade or proprietary secrets included by the consultant, the consultant may provide a different copy of the proposal that would be acceptable to release to the public. If an alternate document is not made available to SRTA by the consultant, then the original proposal, as submitted, will be released as requested.** Proprietary information can include secret formulas, processes, and methods used in production. It can also include a company's business and marketing plans, salary structure, customer lists, contracts, and details of its computer systems. In some cases, the special knowledge and skills that an employee has learned on the job are considered to be a company's proprietary information.

Modification or Withdrawal of Proposal: Any proposal received prior to the deadline may be withdrawn or modified either personally, through e-mail, or by written request of the consultant. To be considered, the modification must be received in writing, with the same number of copies as the original proposal, prior to the deadline. Negligence on the part of a proposer in preparing the proposal confers no right of withdrawal of the proposal after the proposal has been opened. No proposal may be withdrawn for a period of 60 days following the proposal deadline.

RFP Addendum(a): Any changes to the RFP will be made by written addendum(a) issued by SRTA, and shall be considered part of the RFP. The RFP deadline may be extended dependent upon the nature of the changes issued. Upon issuance, such addenda shall be incorporated into the agreement documents, and shall prevail over inconsistent provisions of earlier issued documentation and be forwarded to prospective consultants and posted on-line. It will be the consultant's responsibility to assure that all addenda are incorporated into the proposal as required according to all the terms and conditions for submittal of the proposal. In no event will SRTA modify the RFP with less than five (5) days remaining to the deadline, without extending the RFP deadline.

Verbal Agreement or Conversation: No prior, current, or post-award verbal conversations or agreement(s) with any officer, agent, or employee of SRTA shall affect or modify any terms or obligations of this RFP, or any contract resulting from this procurement.

Special Funding Considerations: Any contract resulting from this RFP will be financed with funds available to SRTA. The contract for this service is contingent upon the provision of these funds to SRTA. In the event these funds are reduced or eliminated, SRTA reserves the right to terminate or revise any contract.

Alternatives: Consultants may not alter any requirement of the RFP in the response to the RFP. If the consultant brings to SRTA's attention, at least fifteen (15) days before the RFP deadline, a more efficient and/or alternative way to reach the end product than the scope delineates, SRTA reserves the right to cancel the RFP and re-bid the project. Since SRTA desires to enter into one contract to provide all of the intended services, only those proposals to provide all services will be considered.

Buy America: Buy America regulations apply to federally assisted procurements, typically development and/or construction activities subject to a NEPA determination, exceeding certain amounts. Buy America Regulations require the consultant to provide goods produced or manufactured in the US, unless the federal government has granted a waiver authorized by those regulations.

Equal Employment Opportunity/Affirmative Action: In awarding a contract to a consultant, SRTA includes language within the contract which requires the consultant to certify their compliance with federal regulations.

Audit and Indirect Costs: As required by 49 U.S.C. Section 5325(b)(3), all federally assisted contracts and subcontracts including program management, architectural engineering, feasibility studies, preliminary engineering, design, architectural, engineering, surveying, mapping or related services must be performed (i.e. a consultant cannot incur and invoice the agency any unallowable, unallocable, or unreasonable costs prohibited by the Federal Acquisition Regulations (FAR) and/or the contract terms and conditions) and audited in accordance with FAR Part 31 cost principles. The consultant, its sub-consultants, and sub-recipients must accept FAR indirect cost rates for one-year applicable accounting periods established by a cognizant federal or state government agency, if those rates are not currently under dispute, and these established rates will apply for purposes of contract estimation, negotiation, administration, reporting, change order, options, and payments, not limited by administrative or de facto ceilings.

Such stop work order will be delivered in writing to the consultant and shall be effective immediately.
- G) SRTA’s right to terminate this agreement may be exercised by the Executive Director, or his/her designee.

H) Disposition of, Title to and Payment for Work upon Expiration or Termination –

Upon expiration of this agreement or termination for cause or termination for the convenience of a party, all finished or unfinished documents and other materials (e.g. finished and unfinished reports, data, studies, photographs, charts, and other documents), if any, and all rights therein shall become, at the option of SRTA, the property of and shall be promptly returned to SRTA, although Consultant may retain a copy of such work for its personal records only. - I) Payment Terms Upon Termination – Consultant shall only be paid for services completed and provided prior to the notice of termination. Consultant shall be paid for the percentage of work completed under the Agreement, as agreed to by the

7. DISPUTE RESOLUTION

Any dispute between Consultant and SRTA relating to the implementation or administration of this agreement may be attempted to be resolved through the following process:

- A) The parties shall first attempt to resolve the dispute informally in meetings or communications between Consultant and SRTA. If the dispute remains unresolved fifteen (15) days after it first arises, Consultant may request that SRTA issue a recommended decision on the matter in dispute. The SRTA project manager shall issue the recommended decision in writing and provide a copy to Consultant.
- B) The recommended decision of the SRTA project manager shall become final unless, within fifteen (15) days of receipt of such recommended decision, Consultant submits a written request for review to the SRTA executive director. In connection with any such review, Consultant and SRTA shall be afforded an opportunity to be heard and to offer evidence on the issues presented. If the dispute remains unresolved after review by the executive director, either party may seek judicial resolution of the dispute in an appropriate court within Shasta County, California.
- C) Pending final resolution of a dispute under this section, Consultant shall proceed diligently with performance in accordance with this agreement and SRTA's recommended decision.

8. ENTIRE AGREEMENT; AMENDMENTS

- A) This agreement supersedes all previous agreements relating to the subject of this agreement and constitutes the entire understanding of the parties hereto. Consultant specifically acknowledges that in entering into and executing this agreement, Consultant relies solely upon the provisions contained in this agreement and no others.
- B) No changes, amendments, or alterations shall be effective unless in writing and signed by both parties. However, minor amendments which do not result in a substantial or functional change to the original intent of the agreement and do not cause an increase to the maximum amount payable under this agreement may be agreed to in writing between Consultant and the executive director. If the proposed minor amendment alters the project schedule, a revised project schedule will be required from the Consultant for this agreement.
- C) The headings that appear in this agreement are for reference purposes only and

shall not affect the meaning or construction of this agreement.

9. NONASSIGNMENT OF AGREEMENT; NON-WAIVER

Inasmuch as this agreement is intended to secure the specialized services of the Consultant, Consultant may not assign, transfer, delegate or sublet any interest herein without the prior written consent of SRTA. The waiver by SRTA of any breach of any requirement of this agreement shall not be deemed to be a waiver of any other breach.

10. EMPLOYMENT STATUS OF CONSULTANT

Consultant shall, during the entire term of this agreement, be construed to be an independent contractor and nothing in this agreement is intended nor shall be construed to create an employer-employee relationship, a joint venture relationship, or to allow SRTA to exercise discretion or control over the professional manner in which Consultant performs the services which are the subject matter of this agreement; provided, however, that the services to be provided by Consultant shall be provided in a manner consistent with the professional standards applicable to such services. The interest of SRTA is to ensure that services shall be rendered and performed in a competent, efficient, timely and satisfactory manner. Consultant shall be fully responsible for payment of all taxes due to the State of California or the federal government which would be withheld from compensation if Consultant were an SRTA employee. SRTA shall not be liable for deductions for any amount, for any purpose, from Consultant's compensation. Consultant shall not be eligible for coverage under SRTA workers' compensation insurance plan nor shall Consultant be eligible for any other SRTA benefit. Consultant must issue W-2 and 941 Forms for income and employment tax purposes, for all of Consultant's assigned personnel under the terms and conditions of this agreement.

11. INDEMNIFICATION

Consultant shall also defend and indemnify SRTA for any adverse determination made by the Internal Revenue Service or the State Franchise Tax Board and/or any other taxing or regulatory agency and shall defend, indemnify and hold harmless SRTA with respect to Consultant's "independent contractor" status that would establish a liability on SRTA for failure to make social

security deductions or contributions or income tax withholding payments, or any other legally mandated payment.

For professional services provided under this agreement, Consultant shall indemnify, defend, and hold harmless SRTA, its elected officials, officers, employees, agents, and volunteers from and against any and all claims, demands, actions, losses, liabilities, damage, and costs, including reasonable attorneys' fees, arising out of or resulting from the negligent performance of the professional services provided under this agreement.

12. INSURANCE COVERAGE

- B) Consultant and any subcontractor shall obtain and maintain continuously required Workers' Compensation and Employer's Liability Insurance to cover Consultant, subcontractor, Consultant's partner(s), subcontractor's partner(s), Consultant's employees, and subcontractor(s) employees with an insurance carrier authorized to transact business in the State of California covering the full liability for compensation for injury to those employed by Consultant or subcontractor. Consultant hereby certifies that Consultant is aware of the provisions of section 3700 of the Labor Code which requires every employer to insure against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of the Labor Code, and Consultant will comply with such provisions before commencing the performance of the work of this agreement.
- C) Consultant shall obtain and maintain continuously a policy of Errors and Omissions coverage with limits of liability of not less than \$1 million.
- D) Consultant shall require subcontractors to furnish satisfactory proof to them that liability and workers' compensation and other required types of insurance have been obtained and are maintained similar to that required of Consultant pursuant to this agreement. Consultant shall not allow any contract or subcontract to continue without proper insurance in effect after notification of the lapse of requisite insurance.
- E) With regard to all insurance coverage required by this agreement:

- (1) Any deductible or self-insured retention exceeding \$25,000 for Consultant or subcontractor shall be disclosed to and be subject to approval by SRTA prior to the effective date of this agreement.
- (2) If any insurance coverage required hereunder is provided on a “claims made” rather than “occurrence” form, Consultant or subcontractor shall maintain such insurance coverage with an effective date earlier or equal to the effective date of the agreement and continue coverage for a period of three years after the expiration of the agreement and any extensions thereof. In lieu of maintaining post-agreement expiration coverage as specified above, Consultant or subcontractor may satisfy this provision by purchasing tail coverage for the claims-made policy. Such tail coverage shall, at a minimum, provide coverage for claims received and reported three years after the expiration date of the agreement.
- (3) All insurance (except workers’ compensation and professional liability) shall include an endorsement or an amendment to the policy of insurance which names the *Shasta Regional Transportation Agency (SRTA), its elected officials, officers, employees, agents, and volunteers as an additional insured* and provides that coverage *shall not be reduced or canceled without 30 days written prior notice certain to SRTA*. - (4) Each insurance policy (except for workers’ compensation and professional liability policies), or endorsement thereto, shall contain a “separation of insureds” clause which shall read:

“Separation of Insureds.”

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this Coverage Part to the first Named Insured, this insurance applies:

 - a) As if each Named Insured were the only Named Insured; and
 - b) Separately to each suit insured against whom a claim is made or suit is brought.”
- (5) Consultant shall provide SRTA with an endorsement or amendment to Consultant’s policy of insurance as evidence of insurance protection before the effective date of this agreement. The accountant/finance officer, or his designee, shall approve the insurance certificate. A copy of the insurance certificate will be kept in the project file.

- (6) The insurance required herein shall be in effect at all times during the term of the agreement. In the event any insurance coverage expires at any time during the term of the agreement, Consultant shall provide, at least twenty (20) days prior to said expiration date, a new endorsement or policy amendment evidencing insurance coverage as provided for herein for not less than the remainder of the term of the agreement or for a period of not less than one year. In the event Consultant fails to keep in effect at all times insurance coverage as herein provided and a renewal endorsement or policy amendment is not provided within ten (10) days of the expiration of the endorsement or policy amendment in effect at inception of the agreement, SRTA may, in addition to any other remedies it may have, terminate the agreement upon the occurrence of such event and pay in full all contractual invoices for work completed prior to expiration of insurance.
- (7) If the endorsement or amendment does not reflect the limits of liability provided by the policy of insurance, Consultant shall provide SRTA a certificate of insurance reflecting those limits.

13. NOTICE OF CLAIM/APPLICABLE LAW/VENUE

- A) If any claim for damages is filed with Consultant or if any lawsuit is instituted concerning Consultant's performance under this agreement and that in any way, directly or indirectly, contingently or otherwise, affects or might reasonably affect SRTA, Consultant shall give prompt and timely notice thereof to SRTA. Notice shall be prompt and timely if given within thirty (30) days following the date of receipt of a claim or ten days following the date of service of process of a lawsuit.
- B) Any dispute between the parties, and the interpretation of this agreement, shall be governed by the laws of the State of California. Any litigation shall be venued in Shasta County.

CPG Subrecipient Responsibilities for DBE include:

- Participation in the race neutral DBE Program when contracting/awarding to subrecipients or planning consultants involving any fraction of federal CPG funds.
- Participation in the race neutral DBE Program even if subrecipients have not contracted out work to sub-recipients or consultants. They must also complete, sign and turn in the FTA DBE Uniform Report form, showing zero dollars. This information will provide necessary data for the federally mandated Caltrans DBE disparity study.
- Completion of the FTA DBE Uniform Report form *(See Appendix X)* twice a year: April 1st and October 1st. The DBE Uniform Report shows the federal dollar amount provided through contract/s as well as DBE participation in these contracts. This information will provide necessary data for the federally mandated Caltrans DBE disparity study and reporting to the FTA. The completed forms are sent to the appropriate HQ ORIP Liaison.
- Development and implementation of a DBE Program following the Caltrans DBE Program Plan, pursuant to the Master Fund Transfer Agreement, Article IV, Section 2. This Plan formally acknowledges the statutory and/or regulatory requirements with its race-neutral measures, and their commitment to comply with all the prescribed responsibilities explained herein.
- Development and maintenance of a Bidder's List, consisting of information about all DBE and non-DBE firms that bid or quote on CPG-assisted contracts. The Bidder's List includes the name, address, DBE/non-DBE status, age and annual gross receipts of firms.
- Inclusion of the following clause is required, verbatim, in each CPG-assisted contract:
 - The contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of United States Department of Transportation-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which

may result in the termination of this contract or such other remedy, as recipient deems appropriate.

- Inclusion of contractual language specifying prompt payment clauses are required in the foregoing provisions. These prompt payment clauses benefit all subcontractors equally.

o **Prompt Progress Payment to Subcontractors**—A prime contractor or subcontractor shall pay to any subcontractor not later than 10-days of receipt of each progress payment, in accordance with the provision in Section 7108.5 of the California Business and Professions Code concerning prompt payment to subcontractors. The 10-day rule is applicable unless a longer period is agreed to in writing. Any delay or postponement of payment over 30-days may take place only for good cause and with the agency's prior written approval. Any violation of Section 7108.5 shall subject the violating contractor or subcontractor to the penalties, sanctions, and other remedies of that Section. This requirement shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the contractor or subcontractor in the event of a dispute involving late payment or nonpayment by the contractor, deficient subcontractor performance, and/or noncompliance by a subcontractor. This clause applies to both DBE and non-DBE subcontractors.

o **Prompt Payment of Withheld Funds to Subcontractors**—The MPO, RTPA or local government entity shall include either (1), (2), or (3) of the following provisions in their CPG-assisted contracts to ensure prompt and full payment of retainage (withheld funds) to subcontractors in compliance with 49 CFR 26.29.

- 1) No retainage will be held by the agency from progress payments due to the prime contractor. Prime contractors and subcontractors are prohibited from holding retainage from subcontractors. Any delay or postponement of payment may take place only for good cause and with the agency's prior written approval. Any violation of these provisions shall subject the violating contractor or subcontractor to the penalties, sanctions, and other remedies specified in Section 7108.5 of the California Business and Professions Code. This requirement shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the contractor or subcontractor in the event of a dispute involving late payment or nonpayment by the contractor,

deficient subcontractor performance, and/or noncompliance by a subcontractor. This clause applies to both DBE and non-DBE subcontractors.

- 2) No retainage will be held by the agency from progress payments due the prime contractor. Any retainage kept by the prime contractor or by a subcontractor must be paid in full to the earning subcontractor in 30-days after the subcontractor's work is satisfactorily completed. Any delay or postponement of payment may take place only for good cause and with the agency's prior written approval. Any violation of these provisions shall subject the violating contractor or subcontractor to the penalties, sanctions, and remedies specified in Section 7108.5 of the California Business and Professions Code. This requirement shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the contractor or subcontractor in the event of a dispute involving late payment or nonpayment by the contractor, deficient subcontractor performance, and/or noncompliance by a subcontractor. This clause applies to both DBE and non-DBE subcontractors.
- 3) The agency shall hold retainage from the prime contractor and shall make prompt and regular incremental acceptances of portions, as determined by the agency of the contract work and pay retainage to the prime contractor based on these acceptances. The prime contractor or subcontractor shall return all monies withheld in retention from all subcontractors within 30-days after receiving payment for work satisfactorily completed and accepted including incremental acceptances of portions of the contract work by the agency.
