

## E1. Proposed Use #1

1. A mixed-use infill development in the center of Redding on 3 undeveloped parcels providing approximately 12 residential units to be used as transitional and permanent housing for low- and moderate-income homeless individuals and families. The project will be located on three adjacent lots on Parkview Avenue, Redding, 96001. This site sits in a district currently zoned for mixed use properties and is located between residential properties to the South and commercial properties to the North and East and is opposite the Redding City Hall building on Parkview Avenue.
2. 6–2BR/2BA and 2–3BR/2BA homes to be sold as affordable housing pursuant to the City of Redding’s First Time Homebuyer Program on an 8-lot subdivision. The finished project will include 3 units will be designated for families from historically underrepresented communities. The project is located at the northeast corner of Leland and Grange in Redding’s downtown district and is close to walking, biking, and transit facilities.

## E2. Proposed Use #2

The project is located in the Downtown Shasta Lake area spanning North to South from Red Bluff Avenue to Shasta Dam Boulevard and East to West from Median Avenue to McConnel Avenue.
